

## ENVIRONMENTAL POLICY

**H**awkstone Builders Ltd recognise that in managing their activities, they have a responsibility to customers, employees, subcontractors and the general public. We are committed to monitoring, assessing and reassessing our environmental performance for continued improvements.

Hawkstone Builders Ltd have implemented an environmental policy in which we are committed to reducing our Carbon Footprint and to providing a quality service in a method that ensures a safe and healthy workplace and to continually reduce our impact on the environment.

Specifically where it is within the company's control or influence, Hawkstone Builders Ltd is committed to the following:

- Ensure that all relevant legislation, regulations and codes of practice are adhered to.
- Implement procedures to minimise the impact of its operations and to reduce the effects of noise, disturbance, dust and inconvenience.
- Promote environmental awareness and commitment to the policy amongst our workforce and encourage them to work in an environmentally responsible manner.
- Seek to employ subcontractors and use suppliers, wherever possible, who carry out their own environmental codes of practice.
- Reduce waste through re-use and recycling and seek to use wherever possible, materials from renewable sources and recycled or recyclable materials.

The environmental policy will be reviewed at regular intervals and updated as required.

**Procedures for Waste Disposal** For disposal of all *Hazardous* waste a competent waste carrier is appointed, ensuring that they are registered and hold an appropriate licence and recorded through a system of signed Hazardous Waste Consignment Notes. All *Non-hazardous waste* generated by the company's activities will be disposed of in a responsible manner in accordance with our *Duty of Care* under the Environmental Protection Act.
